EDUCATION

**BS in Information
Technology**

West Visayas State University - HCC
2019-2023

ICT - CSS

Binicuil National High School - SHS
2017-2019

**Binicuil National High School - Junior
High**
2012-2017

Binicuil Elementary School
2011-2012

TECH SKILLS

React JS

PHP

MSSQL / MYSQL

C - SHARP / .NET FRAMEWORK
RESTFUL API

Microsoft Windows Forms

Entity Framework C#

JQuery / AJAX

ABOUT ME

A dedicated and results-driven software developer with expertise in building and maintaining high-quality web and desktop applications. Proficient in PHP, C#, and the .NET Framework, with hands-on experience in developing scalable and efficient RESTful APIs. Adept at front-end development using React JS and back-end management with MSSQL and MySQL databases. Skilled in Microsoft Windows Forms for desktop applications and utilizing Entity Framework in C# for seamless database interactions. Strong knowledge of jQuery and AJAX for dynamic, responsive user interfaces.

WORK EXPERIENCE

○ Dec 2023- August 2024
Programmer

Cbyte Programming Services

Experienced software developer specializing in maintaining and optimizing existing systems. Adept at troubleshooting and fixing bugs while enhancing code quality by refactoring legacy code and implementing modern practices with Entity Framework in C#. Skilled in upgrading outdated code to improve performance, security, and scalability within .NET Framework APIs. Proficient in collaborating with development teams using Git for version control, ensuring smooth code integration, tracking changes, and promoting teamwork in a shared codebase environment. Focused on delivering maintainable solutions that extend the lifespan of legacy systems while meeting current technological standards.

○ Feb, 2023 - August 2023
Web Developer Intern / Graphics Artist Intern

Skytronixs

Dynamic software developer with a strong background in collaborating with both development teams and graphic artists. Experienced in assisting with website design by leveraging graphic tools and translating artistic concepts into functional web designs. Adept at working alongside developers to fix bugs and errors, particularly in critical areas such as payment integration using Stripe API. Proven ability in creating user-friendly dashboards for reporting and managing customer data, ensuring an intuitive interface and insightful analytics. Focused on delivering solutions that merge aesthetics with functionality while enhancing user experience and system reliability.
